

THE POWER OF PAPER

Booth: 1654

Pickett's Press (917/742-5388 or pickett-spess.com) offers a wide selection of custom letterpress stationery, digitally printed stationery, and an ever expanding home and accessories line. Bringing together beautiful colors and gorgeous font treatments, Pickett's creates everything from formal invitation suites to fun children's social stationery.

Booth: 1959

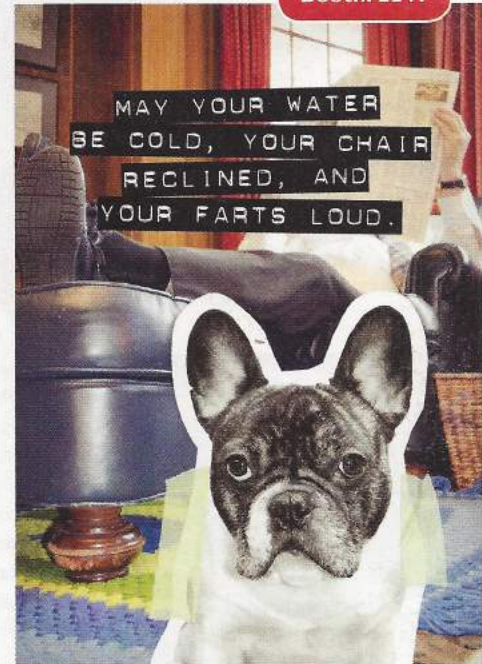

The Garden Seeds collection of letterpress greeting cards from **Ruff House Art** (785/764-5504 or ruffhouseart.com) are letterpress printed on handmade vegetable seeded paper. The paper is embedded with vegetable seeds that will grow when planted.

This new collection of cards from artist Katie Daisy and **Madison Park Greetings** (800/638-9622 or madisonparkgroup.com) features unique honey-laced hand lettering and spring-scented illustrations. Whether illustrating inspiring quotes by great authors and humanitarians, or painting all things flora and fauna, Daisy's idyllic prairie upbringing radiates through her work.

Frank's main goal in life is to make humans smile. And since he's not allowed to venture more than a block from his house, his cards help him do that. Cards **From Frank** (765/426-5918 or greetingsfromfrank.com) help us smile and take life a little less seriously.

The new Bee Happy postcard from **P. Flynn Design** (503/240-0802 or pflynnndesign.com) comes with three detachable magnets in a cello envelope. The magnets are 1.25-inches and the matte-finish postcards are four by six inches.
